Hey Love! Uh!

Have you ever looked out your window
In the morning time
Listen birds singin' sweet songs
Echoes in your mind

Misty morning glowing sunshine
What a beautiful sight
Whoah, good-byes never leaves my mind

But when I think of all the hate in the world
There is so much beauty in nature's way
If the birds can live together
It ain't hard for us to say

Hey love, hey love, hey love, hey love, hey love...hey
love
Hey love, hey love, hey love, hey love, hey love...hey
love

Stop the wars and come together
Love one another
Lost boats make us love each other
We've got to free our minds, uh

Touching me and touching you
What a feeling inside
Make you wanna sing
And wear a smile

People make the world go 'round and 'round
Some have cried the tears of a clown
All just die 'cuz they couldn't live it down
Still it's hard for us to say

Hey love, hey love, hey love, hey love, hey love...hey
love
Hey love, hey love, hey love, hey love, hey love...hey
love

Hey love, hey love, hey love, hey love, hey love...hey love (sing!)
Hey love, hey love, hey love, hey love, hey love...hey love

But when I think of all the hate in the world
And there is so much beauty in nature's way
If the birds can live together
It ain't hard for us to say

Hey love, hey love, hey love, hey love, hey love...hey love (uh!)
Hey love, hey love, hey love, hey love, hey love...hey love (spread your love around the world)
Hey love, hey love, hey love, hey love, hey love...hey love (hey love, anything your brother, your sister)
Hey love, hey love, hey love, hey love, hey love...hey love (your mother and your neighbors)
Hey love, hey love, hey love, hey love, hey love...hey love (throughout the universe, spread your love)
Hey love, hey love, hey love, hey love, hey love...hey love (c'mon, give it to the babies)
Hey love, hey love, hey love, hey love, hey love...hey love (na...na, na, na, na...na, na, na, na)
