"Love Is A Poisonous Cunt"

Confusion of thousands scared thoughts
Blinded them to act in the tearful theater
... for... the evil one
The anguish of thousands mortal feelings
Opens old wounds for the long bleeding

Another poison is made tonight,
Another dope wants you tonight,
For you and forever
... Tell how wonderful it is to be enslaved
To be charmed away by the kiss of snake

Enjoy the sex with the infernal whore
Excited She intensifies your sorrow
The feeling of bliss enslaved all inside
So defenseless as the innocence of a child
... of a child

Another poison is made tonight,
Another dope wants you tonight,
For you and forever
... Tell how wonderful it is to be enslaved
To be charmed away by the kiss of snake

... fuck me... fuck me more!

How pathetic it is to be a servant
To be charmed away by the kiss of snake
Lick the Love from Her poisonous cunt... !
To be charmed away by the kiss of snake

Love is just a dark breath of the dope obsession
Her voice calls you back to the gate of her paradise
Messenger of the ancient perdition
Suffocates remained hope how runs towards the gate
to disappear
