I'm walkin' on a
Rainbow on the colours
Of the ites green and gold
Of the ites green and gold

Up here it's so beautiful
If only you could see
Only then you would understand
Why we should walk with
Love in our hearts

Red is for the blood of freedom
Green is for the land we live in
Gold is for the sun that shines
It keep our energy
Flowing all the time

When one door is closed
Another one open
Cause that's the way Jah Jah plan it
For all of us to live as one
