#### Verse One

I'm 2 deep and yes much too complicated  
my lines when stated are quite often underrated  
so consider it a privilege to hear this  
those weak-minded opinions could never come near  
this  
for my outlook on life is a profound view  
whil the suckers act down thinking that they sound new  
only a few sound true  
me and the crew know who  
cuz you see me and the fellas have been waiting for a  
while now  
giving you the time to get your wack-ass style down  
you punks pop junk as if life is a fantasy  
knowing that hard is something you can't be  
so you front but you could never call my bluff  
cuz you'll catch hell you'll get dealt with

#### Chorus

I never sleep  
I always peep  
rhymes creep  
I'm 2 Deep  
I'm 2 Deep....

#### Verse Two

I forgive you sike I'm takin' your life  
cuz you continue to disrespect so I'ma get trife  
but then again I think I'll spare ya  
cuz I know tht all it takes one rhyme just to scare ya  
see I'm the holder of the key  
don't ask me if I'm Muslim don't say nothin' to me  
I said I was raised like one son I had two cousins  
they pushed me to find myself or else they knew I  
wasn't  
gonna make it and then end up a statistic  
my life was twisted I almost missed it  
the chance yes the chance to make you feel good

I used to steal goods and fake my parents out real  
good  
but now I got K-N-O-W-L-E-D-G-E of self cuz I'm me  
and the nation of Islam has my support  
cuz they try to reeducate the ones who are lost  
and the 5 percent nation takes other steps  
to get through to brothers on the corners with the reps  
and in the prison they give the brothers new visions  
of how we can gain wealth gain self esteem and dream  
of a total different scene I dress clean, stand lean  
say what I mean and I'm out  
like a scout on a new route exhibitting clout

Chorus

Verse Three

for right now yo my religion is rhyming  
perfect timing test the flow and climb in  
Ansaar, Sunnite, Sheite, Jihad  
all must regard the times are hard  
unite or perish  
is the message I cherish  
that goes for my people of all religions  
if we're all black why have so many divisions  
superficial factors are drawing us apart  
don't let it happen  
let's put some respect back in  
so before I act I think cuz it's the brink of destruction  
word corruption what's up son your gun is just one  
and I just might have one  
or two or maybe even three or four  
and plus an army of 100 or more  
but violence is never my first choice  
I come in peace to release the effect of my voice

Chorus
