#### Verse One:

Other MCs in the place know I'm much too much  
and I'll bust 'em all up without even cussing  
all wannabe's are never ever gonna be nothin'  
Gang Starr's in the house and we're crushing  
so suckers better be up on their p's and q's and  
competition come against me and you're losing  
I'll use a simple style just to catch you snoozing  
wake up wake up kid read the news and  
take heed cuz you need to see how battles are won  
when a real man displays how it must be done  
and I snuff bum MCs and keep the cashflow comin'  
and never had no problems getting women  
I'm like a catalyst causin' a chain reaction  
dopest vocalist ad now the main attractionn  
things turn gold at my slightest touch  
that's why the people say that I'm much too much

#### Chorus:

I'm much too much  
I'm much too much  
I'm much too much  
I'm much too much

#### Verse Two:

check the G-U-R-U yes the brother who's progressing  
If beats are cake I'm frosting, if salad I'm dressing  
never stressing or guessing or messing around man  
just turn up the system so the beat can be pounding  
blasting out your radio my vocals surrounding  
take a trip uptown and come back down and  
and kick it with the fellas I call my crew so  
I'm gettin' kinda fat like a big huge sumo  
I figure that I'm due and it's true cuz you know  
a rapper this nice oughtta clock mad dough  
not the stuff from the baker but the loot yo the paper  
I set up shop and drop gems and catch 'em later  
cuz I'm like keeping it moving, improving steadily

pumping kinda loud in your Blazer or Cherokee  
doesn't matter what you drive, automatic or clutch  
just pop in my tape cuz I'm much too much

Chorus

Verse Three:

I walk in the room unload a boom that's like sonic  
my slick voice to the beat is symphonic  
to a biting MC my lines are toxic and chronic  
my mystical style is like harmonic  
I've rarely had a difficulty slaying MCs  
cuz the ones who were toughest still begged on their  
knees  
and I wreck the set with the greatest of ease  
and you know I'm swift like the breeze  
I'll never understand why a wack rapper tries and  
convinces himself that his image is so fly and  
that's the type of crap you know I'm not buying  
chumps lack the beats and their rhymes don't apply  
and  
that's why I've come into your life today  
just to make you sweat in my unique way  
I'm controlling all action dissing MC ducks  
that's why everybody knows that I'm much too much

Chorus

Outro:

(Mack A Mil)(Mack A Mil)(Mack A Mil)  
(Mack A Mil)(Mack A Mil)(Mack A Mil)  
(Mack A Mil)(Mack A Mil)(Mack A Mil)
