Raging, crashing, fallin down
Crying, weeping, all around
Wat tha fuck has begun
Why is the world so fucked up.

Bleeding, screaming, fall to dust
Praying, mourning, for tha lost
St.Micheal defend us now
Send down your spirit now.

DARK, SO DARK
DARK, DARK DOOM!

Seeking, striking, AK47
Shooting, killing, 9-11
Wat tha fuck have they done
Just wait till judgement comes.

Attacking, brawling, arms in arms
Fist fights, blood, call to arms
Wat on earth has begun
This shit is so fucked up.

SOUL, MIND, FIST!
SOUL, HEART, BRAIN!
SOUL, MIND, FIST!
SOUL, HEART, BRAIN!
