FUCK YOU!

Don't take credit, it is not yours
If you try we will have to brawl
I am Cavalera and I write these songs
So leave it alone, leave it alone.

Livin in Rochdale, hardcore place
It is hard to be free, hard to face
I wanna travel, but I am too late
I'm just a nomad in the human race.

But I write this song, as a statement
For all you fuckers who try to take it
My lyrics, the way that I live
So don't take the piss, cuz my life aint so... SHIT! SHIT!
SHIT!
Um, dois, três, quatro.

Song remains insane
Song is in pain
Song of vengeance
Because I like to live brave.

Don't let no one steal wat we make
It is only mine, not theirs to take
Inner Spirit is mine, Cas Cavalera
If you take it, I will brake ya.

FAKE MOTHER FUCKER, SLY, UNFAIR
TAKE THIS SONG, YOU WONT DARE.
