Where does false perception lie?  
Wrong identification with a body that grows but will die  
He reads the books but still he cries  
Because inside he knows the words to be lies

Wake up  
Sleepy science  
You've tested our patience  
But you miss the truth with your defiance  
So we know you teach dead science

There's no time to play the tempter's game  
No more blame  
Isolation and fame  
It's all the same  
Inner flame  
Government resolve  
Has mislead us all  
See them fall  
As we leave fear behind and bring power inside  
This new mind

Preparation is key

Shake hands with liberation  
For this is a new sun

The "against" energy has been erased from this mind  
We know our history's fools have lied  
But as a new program is applied  
This will unlocks the door to the inside  
Now that we have opened our eyes  
Surely we can never die  
We are ready to welcome inside  
A new program for a new mind
