"Off With Their Heads"

Visit "[Off With Their Heads](#)" on MotoLyrics.com

How many years can this way last?
The heritage of right by cast
Warlords of ancient time
Sworn to protect their inbred line

Off with their heads

They claim the land, this iron hand
These profiteers so high and grand
Well maybe it's time to settle the score
Hit back in the name of the oppressed poor

Off With their heads

So Charlie, Lizzie, and all your kin
Take your place beneath the blade
If you lose the people win
That is when your debt is paid!
