Remove all events  
Every one of them is meaningless  
Inside this moment is the only true test  
Please cover these children with forgiveness  
For their hatred has built this mess

You see some things cannot be expressed

He lives in the mansion  
Sleeps so soundly  
He has something called a degree  
People know his name on the street  
One blow of death and he'll forget his conceit

He wanted everyone to know his name  
Now only his name remains

Yes.  
The world is an army.  
Yes.  
They have artillery.  
Yes. Yes. Yes.  
You may die at their hands,  
But knowing no fear you are more than human.
