How many years can this way last?  
The heritage of right by cast  
Warlords of ancient time  
Sworn to protect their inbred line

Off with their heads

They claim the land, this iron hand  
These profiteers so high and grand  
Well maybe it's time to settle the score  
Hit back in the name of the oppressed poor

Off With their heads

So Charlie, Lizzie, and all your kin  
Take your place beneath the blade  
If you lose the people win  
That is when your debt is paid!
