

## Inner Thought "Observe"

Take away my eyes  
Don't want to see  
Shut away my ears  
Can't stand to hear the screams

I've become desensitized  
Can't sift the truth out of the lies  
Don't understand what's happening to me  
When will I finally realize

I've become desensitized  
Scope of reality decays  
I've seen enough  
Please turn it off  
Lost like an orange  
Caught in the works of this clock

This is a disease, you want to dissect  
I won't submit to you, full up of the test

My mind is cracking, a ten ton test  
I must push upward, never let it rest

Push me ever further, shove, pobe, and prod.  
I'm your humbløe servant, hold my life for me lord

Please, shut off the box  
I'll hold my breath, 'til I turn blue  
A suicide in venin  
Blamed on you
