Here in Monday seems like Friday  
Happened just the other day  
Tuesday faked for Friday morning  
Then it started up again

What would I do Monday's through  
Nothing seems to change  
Guess I'll have to wait for Friday  
Turn into another day  
Turn into another day  
Turn into another day now

I'm not tired but I got it ready da, da, dao  
Get it out that little client da, da, dao

Here or no one how will I be  
Doing nothing till tomorrow  
Somethin' told me no one called to tell me  
Nothin' will be home

Some how could not find the words  
Can't be used to tell my story  
Guess you'll have to take the risk  
'Cause it might be rather boring  
Yeah, it might be rather boring  
Might be rather boring to you

Could it be an atrofee?  
I've never leeze out pholosophysis  
Maybe it's I can't recall  
Situations solve equation

Perhaps I should be havin' wealth  
Many things I can't remember  
Let her through the solitude  
Yet another lonely winter  
Yet another lonely winter  
Yet another lonely winter

Half out time I got it right da, da, dao  
Get around without little Bryan da, da, dao  
Hold me stealin' liver garden da, da, dao

Is it slippin' aren't I dyin' da, da, dao
