AHHHH...The Lord is a monkey  
Thanksgiving's coming on the Fourth of July  
In the form of a girl with a needle in her eye  
Well she come from out west on a nickel's worth of gas  
Got her mind on her money and a dope up her ass  
Outside of Phoenix where the gimmick broke down  
Fucked that cracker for his rig and she was out of that town.  
HA HA HA HAA  
Well she was a hare krishne in the ashwam bed  
She was sellin' (?) Had a funky-ass head  
Well she put food in my mouth and she threw me on the bed  
And she cut off my balls and she sewed 'em to my head  
Well she's headin' back east in a 57 Caddy  
Got her mind on her money and a dope for her daddy  
Well I met her on the street where she beat me like a fool  
Then she got me accepted to an ivy league school  
Well I really did good but it's kickin' my ass  
I lost 38 pounds and my eye turned to glass  
Well she's looking pretty good first week in July  
She's got a dope up her ass and a needle in her eye  
Thanksgivings coming on the Fourth of July  
In the form of a girl with a needle in her eye  
Well she come from out west on a nickel's worth of gas  
Got her mind on her money and a dope up her ass
