Your pain makes me hungry! I'm hungry for pain! Your death is mine motherfucker! Don't even try to escape! Because you're mine! You are all mine! You're all in my thoughts! I will peel you like a potato! I will take out your brains and throw them to my dogs! Oh shit, you're gonna die! I'm gonna peel off your toenails like they were... cupcakes! Like they were... twinkies! You're dead, motherfucker! My life is nothing but to kill you! Revenge is Mine! My words make you wanna scream like a dead dog dying from anger-- and pain-- of a dead dog! Uhhhhh... We're gonna kick some ass tonite, motherfucker! Life! Life is mine! I take you with me! I take you, I crumble you up, I wad you into a little ball! ??? picks it's teeth with your head! And still ??? ! Life! Life is mine! Yup! Revenge is mine! My war jacks off when it sees your revenge! My war is not alone! It's the only war! Anytime you get your ass down here, kick my ass, no problem! My life is better! Don't fuck with me whatsoever! Yup! Revenge is mine! I take it and I leave it! But this one, motherfucker, is mine! And you're gettin' it! You're the one that's gonna pay this time, buddy! No prob!
