1-don't run away ooohhh
please say you'll stay ohhh
can't must assume ohhh
if you want me too ohhhh
baby I'll wait for your love

gyrl i kno you've been hurt before
i see it when i look in your eyes
and all this pain that you try to ignore
it's a sadness that your smile can hide
so many nights you wanted him to come on
so many tears you wasted waitin for change
and someone treats you lik you wanted him do
you rather let me go and get her again

1-don't run away ohhh
it's only a feeling
please stay the same ohhh
you don't have to belive it
can't must assume
don't try to ignore it ohhhh
if you want me too ohhh
baby I'll wait for your love

not even the sun rises on the pretiest day
could even took away what i see in you
and when the stars are shining deep in your eyes
it only lets me kno what i see is tru
2-and all those nights you wished that you had sumone
someone was wishin they had sumthing lik you
not even loneliness as much as it hurts
could even push me far enough to lose you

1-don't run away ohhh
it's only a feeling
please stay the same ohhh
you don't have to belive it
can't must assume
don't try to ignore it ohhhh
if you want me too ohhh
baby I'll wait for your love

repeat 2, 1 till end of song
