[Cyrus]

Thought I heard your voice yesterday  
When I turned around to say  
That I loved you and I realize  
That it was just my mind  
Playing tricks on me

[James]

It seems colder lately at night  
And I try to sleep with the lights on  
Everytime the phone rings  
I pray to God it's you  
I just can't believe that we're through

[Chorus]

I miss you  
There's no other way to say it  
And I can't deny it  
I miss you  
It's so easy to see  
I miss you and me

[Eric]

Is it over and done this time  
Have we really changed our mind  
About each other's love  
All the feelings that we use to share  
I refuse to believe that you don't care

[Chorus]

I miss you  
There's no other way to say it  
And I can't deny it  
I miss you  
It's so easy to see  
I miss you and me

[Cyrus]

I've gotta gather my senses together  
I've been through worse kinds of weather

[Eric]

But it's over now  
Be strong  
I can't believe that you're gone  
I just can't live without you...  
[Chorus]  
I miss you  
There's no other way to say it  
And I can't deny it  
I miss you  
It's so easy to see  
I miss you and me

[James]  
I really miss you and all the things you do  
I'm missin' my baby  
I really need you cause this love is true  
You drivin me crazy...
