

Innerlude "Silly Me"

When the moon shines over you and the stars light
your eyes,
That is when I know you're the one,
that is when I know you're the one
That all the boys like to hold hand in hand,
If only I had the chance to be yours

Silly me I must be dreaming a dream,
Silly me I must be dreaming a Dream.

As sure as the snow falls in winter,
and the flowers bloom in spring.
Lady I know that,

you will always be the only one for me,
you will always be the only one for me.

The very first time I laid eyes upon your face,
I was taken by the winking in your eyes.
Silly me I must be dreaming, a dream.
Silly me I must be dreaming a dream.
