Something about my girl, when I'm with her she's my world  
Something about her, that's got me saying yeah yeah  
yeah yeah yeah yeah yeah

[Eric]

Every night I think of you, you're always on my mind  
Since the day we met, until the day I die, I'll be right  
here by your side.  
Can't Live a day without you do a thing without you, Girl  
you mean the world to me.  
I Can't breathe without you, Everything about you, Girl I,  
Oh I love you baby.

[Chorus]

Something about my girl, when I'm with her she's my world  
Something about her, that's got me saying yeah yeah  
yeah yeah yeah yeah yeah  
Something about her smile, she never ever never lets  
me down, I love you.

[James]

Oh, I Love You...  
You are my everything, shine like a diamond ring,  
sometimes I can't believe my eyes  
You look so good to me all that a girl should be, when  
something's wrong you make it right.  
Can't Live a day without you do a thing without you, Girl  
you mean the World to me,  
Can't even sleep without you, everything's about you,  
because I love you!

[Chorus]

Something about my girl, when I'm with her she's my world  
Something about her, that's got me saying yeah yeah  
yeah yeah yeah yeah yeah  
Something about her smile, she never ever never lets  
me down, I love you.

Girl I'll give you everything and more, all my loves for

you I will be true  
Don't you walk out that door; I promise I'll be loving you  
forever. Forever...

[Chorus]

Something about my girl, when I'm with her she's my  
world  
Something about her, that's got me saying yeah yeah  
yeah yeah yeah yeah  
Something about her smile, she never ever never lets  
me down, I love you.

Just me and my girl friend ( hangin out that's what  
loves about )  
Just me and my girl friend ( hangin round never let you  
down )  
Just me and my girl friend ( hangin out thats what loves  
about )  
Just me and my girl friend ( hangin round never let you  
down )
