Thinking about you babe
Picturing you right by my side
Girl without you baby, I just can't go on with my life

You were there for me
You cared for me
Now I know it was meant to be
I'll be here til eternity
Baby, just you and me

Oooh I... wanna give you all my love
I wanna show you everything that my hearts made of
Heaven sent from above
Oh I.. wanna make your wish come true
Baby there is anything I'll do, I'll do it for you
So I give to you... all my love.. all my love

Sometimes it's so hard to breathe thinking bout you
and me... yeah
Now we could be baby
Is this just a fantasy or reality?
Ooh oh .. baby it's destiny, baby.. baby it's destiny.. oh
oh oh oh

You were there for me
You cared for me
Now I know it was meant to be
And I'll be here til eternity
Baby just you and me

Oooh I... wanna give you all my love
I wanna show you everything that my hearts made of
Heaven sent from above

And I.. wanna make your wish come true
Baby anything i will do, I'll do for you
So I give to yo... all my love.. all my love

Girl I can't explain the way that I feel
My emotions I can conseal
I need you in my arms to show ur love is real
You're there for meeh

You cared for meeh
And I believe that faith is in our hands
Girl lets take this chance

Oooh I... wanna give you all my love
I wanna show you everything that my hearts made of
Heaven sent from above
Oh.. I wanna make your wish come
Baby anything that I will do, I'll do for you
So I give to you...
OOoh.. I wanna give you all my love
I wanna show you everything that my hearts made of
Heaven sent from above
I wanna make your wish come true
Baby in time I wanna spend my life with you

That's why im giving you all my love
All my love(all my love..... all my love)
All my love(all my love..... all my love)
