My Waltzing Days Are Over

My waltzing days are over,
Thank you just the same.
I wouldn't want to embarrass you.
You are too kind
And I will remember this night
For years to come.
I am no fool -
I have no romantic notions
In my head.
At my age
I'm content to watch
So go on, go on...
My waltzing days are over,
Thank you just the same.
I wouldn't want to embarrass you.
But you are so kind.
And I will remember this night
For years to come.
