My Waltzing Days Are Over

My waltzing days are over,

thank you just the same.

I wouldn't want to embarrass you.

You are too kind

and I will remember this night

for years to come.

I am no fool -

I have no romantic notions

in my head.

At my age

I'm content to watch

So go on, go on...

My waltzing days are over,

thank you just the same.

I wouldn't want to embarrass you.

But you are so kind.

And I will remember this night

for years to come
