The bitter sweet story of our lives
For your attention
Another brigades of boys is riding on
No more questions
Prepare all yourself tonite
These boys coming back to town
You better listen up for yourself
For tonite the boys gonna shout
No more waiting
Starting the heat and dance with the beat,
Keep on singing
Don't just watch and acting cool
You better ask yourself for more
You better listen up for yourself
We are the mods, we are the mods
We are, we are, we are the mods
Don't just watch and acting cool
You better ask yourself for more
You better listen up for yourself
We are the mods, we are the mods
We are, we are, we are the mods!
