All I need is a Bitter Song  
To make me better  
Much better

All I need to write is a Bitter Song  
To make me better  
Much better

Mmmm Mmmm Mmm  
Mmmm Mmmm Mmm

It found me  
To hold me  
But I don't like it at all  
Won't feed it  
Won't grow it  
It's folded in my stomach  
It's not fair  
I found love  
It made me say that  
Get back  
You'll never see daylight  
If I'm not strong, it just might

All I need is a Bitter Song  
To make me better  
Much better

All I need to write is a Bitter Song  
To make me better  
I feel better  
I feel better
