All the things I wanna say but I can't
All the things I wanna do but I won't
Hold me tight but not too tight

And I'm in knots but you tie me in bows
I feel pretty
I know that you care
You're so sweet
You're so
So sweet

It's not a hurry that we're in
It's the pollen
It's the spring

But I can't make me love you and you can't make me
either
Patience
Boy I need it
I can't make me love you
Oh
Oh
Oh

Paper
Pen and a piece of your heart
I can't read it but where do I start
What to do
What do I do

And I am going but I'm gonna come back
And maybe then
Maybe this
Maybe that
Hold me tight but not too tight

It's not a hurry that we're in
There's no problem
That's the thing

But I can't make me love you and you can't make me

either
Patience
Boy I need it
I can't make me love you

Whoa
Oh
Oh
Oh
Oh

Everyday there's something new to hold onto
A little more of you

But I can't make me love you and you can't make me
either
Patience
Boy I need it
I can't make me love you

Patience
Boy on strange days I can't make me love you
Oh
Oh
Oh

It's not a hurry that we're in
It's the pollen
It's the spring

It's not a hurry that we're in
It's the pollen
It's the spring
It's not a hurry
