Moonlight and candles
Light after dark
You wake up alone
with only one fright
Turn on your wheel
turn on your will
to the sounds outside
And the things you said
keep coming back
Whatever you want
Whatever you see
It's a lie
that keeps on calling
Whatever you say
Whatever you feel
It's a lie
that keeps you wondering
why you turned into a bad dream
and it's so wild
you turned into a bad dream,
now I know it keeps coming back...
Night after night
alone with your heart
when all of your dreams
keep falling apart
Where shadows can run
but shadows can't hide
from the light
And the things you said
keep coming back...
Whatever you want
Whatever you see
It's a lie
that keeps on calling
Whatever you say
Whatever you feel
It's a lie
that keeps you wondering
Wherever you go...
whatever you see...
in your heart pretty babe

it's so dark anyway
