Gee whiz  
I can't believe that you love me  
I can't believe that an angel like you  
Could fall in love with me  
So tenderly  
Gee whiz  
Why do I thrill when you kiss me?  
My heart stands still  
When you're holding my hand  
The feeling is oh so grand  
Oh so grand  
How can you talk to an angel?  
What words would you say?  
How can you talk to an angel up above?  
Or should I be modest or brave?  
Gee whiz  
Love comes but once in a life-time  
Now that it's here  
Tell me what shall I do?  
I'm so in love with you  
Gee whiz  
Gee whiz  
What shall I do?  
Gee whiz  
Gee whiz
