Wherever you are (wherever you are)
I want to be right there every moment
Wherever you are
Please understand my feelings for you baby

I feel the heat, swept off my feet.
I'm so in love, I'm all shooked up.
My mind is hazy, & I'm feeling crazy.
All I do is think of you.

All I want is your sweet love,
I'm standing here my mind is dreary,
of the time when we first kissed.
Boy it's your sweet touch that I miss.

Wherever you are (wherever you are)
I want to be right there every moment
Wherever you are
Please understand my feelings for you baby

Consumed my heart, right from the start.
I want to let you know, that I can't let go.
I close my eyes and I think of you.
Please boy tell me what am I gonna do?

All I want is your sweet love,
I'm standing here my mind is dreary,
of the time when we first kissed.
Boy it's your sweet touch that I miss.

Wherever you are (wherever you are)
I want to be right there every moment
Wherever you are
Please understand my feelings for you baby

Why did you go away?
Come back to me, baby stay.

Can't take losing you,
I want you babe, don't go away.

Wherever, wherever, wherever, wherever, wherever,
babe

Repeat chorus 3 times out then fade
