I don't want no ball & chain to hang on me..
And I don't need no ties,
Don't want your wedding ring
I'm lookin for a guy who's fly & cares bout feelings
See I've already got a friend
Now you're lookin for a new beginning..

All I want is your love..
And you gave it to me (gave it to me.. all I..)
All I want is your love..
And you gave it to me (gave it to me.. all I..)

See.. now if you got a job,
It's cool.. I don't want your money (noo..)
But if I need a little ca$h
..I'll ask but it won't hurt you honey (noo..)
Soo if you think you gotta know..
You're right babyee.. you listenin..?? (hmm..)

'cause I'm lookin for some love..
..and a little rubbin
And some good old kissin..
(whoaaa..)

All I want is your love..
And you gave it to me (gave it to me.. all I..)
All I want is your love..
And you gave it to me (gave it to me.. all I..)

All I want is your love..
And you gave it to me (gave it to me.. all I..)
All I want is your love..
And you gave it to me (gave it to me.. all I..)

I don't want no headaches..
..and i shure don't need no heart breaks
So.. if you think that you can't handle it...
..give me all your love
..give me all your love
..give me all your lovin... (whoaa..)

All I want is your love..
And you gave it to me (gave it to me.. all I..)
All I want is your love..
And you gave it to me (gave it to me.. all night..)

All I want is your love..
And you gave it to me (gave it to me.. all night..)
All I want is your love..
And you gave it to me (gave it to me.. all night..)

All night.. (that's right..)
All night.. (all night)
All night.. shoulda nananana

All night.. (all night..)
All night.. (that's right)
All night.. shoulda nananana

Doin' all night..
..all night..
Givin it to me all night.. shoulda nananana
