(PT Lauren)

I am a superlover

Never , ever can you choose another

Just have me , only me

I need more so I?m never lonely

I really wanna be liked

She?s taken for granted , formed all too serious

I know it?s not her fault

That I?m a little tainted , a little delirious

Well she really thinks we are match for life

Sorry , we are good , yeah, but not enough for me

Oh , have a good one mrs.right-wannabe

I am , I?m really something

Sucker , jerk I?m all that you need for longing

I break your dreams like a man

I?m so sure , do you understand

That I really wanna be liked

Can?t see that I?m a geek

Just turn the other cheek

It?s bitch-time and everything?s for me

Oh yeah man , anything I need

I wanna be liked
