All: Oooh

Oh, oh

Veronica?: I think it's gonna rain

All: Oooh

Veronica?: Can't you smell the rain?

Ahh

Veronica?: It sure looks cloudy today

All:

Nikki: Why am I here if you're there

So far away, it's not fair

To be without you like this

I miss you more than you know

The nights are long, the days slow

Without the warmth of your kiss

I wish you were back here with me

'Cause out my window, all I see is

All: Rain, rain in the sky

Everywhere I look my eyes see

Rain, rain falling down

Crying as it hits the ground

Rain, rain in my heart

Everyday that we're apart

Rain, rain

Veronica?: Falling to the ground

All: Rain, rain

Veronica?: Splashing on the ground

All: Rain, rain

Veronica?: Let it trickle down

All: Only, rain rain

Jenny: The sun is strong when you're near

But when you're gone it disappears

Behind an ocean of blue

Veronica?: Where'd your kiss go

Where'd your kiss go

All: The telephone's not good enough

It can't reach out, it can't touch Me like the way you do

Veronica?: I miss your touch boy

All: Wish you would knock at my door

'Cause only you can stop this pouring

Veronica?: Stop the rain boy

All:

Chorus

Nikki: Maybe I'll go outside

Pretend it's you that's washing over me
All: Over me
Nikki: Distance is the only thing that comes between us
now
Baby soon we'll be together
Veronica: Rain falling from the sky
All I do is cry and think of you
Can't dry my eyes
Rise above the clouds
All my love is not allowed
You're not here to share the showers
All my powers taken over
Can't find no cover
