Boy you've been away
So long
Funny but our love's
Still strong
When it's good it keeps you
Hangin on
And on the inside
Ain't no big thing no it ain't
No crime
I know you love me
Cause you tell me all the
Time
That;s the one thing that
Eases my mind
Your gonna keep me inspired
Sending out my love get a
Message through
Got a heavy thing for you
(Chorus)
Can't stop missin you all i
Wanna be is kissin you
Can't you feel me wishin we were
So together, baby
Can't stop hoppin time will fly
And we'll never say goodbye
And forever we will be
So together you and i
Every night I say a prayer
That in the morning maybe
You'll be there
And your never gonna go
Nowhere anymore
For the rest of my life
Sending out my love
What else can i do got a
Heavy thing for you
(chorus)
Like a burning in my heart I'm
Callin out your name
You made a fire start now
You get the flame
You came into my life I'll

Never be the same
But baby it's alright sending
Out my love
Gotta get a message through
Its the crazy thing
A crazy thing but
What else can i do
(chorus
