(PT Lauren)

The baby of the better times hates you
So you?ll know just where to go
In this one world that?s never enough for two
When you show your secret goal
Tried to be friendly , now everybody hates me for it
Don?t believe that I could do it again
Too many worries and nobody gave me credit
Don?t think that I hate you , though you?re not my
friend
My saviour?s your demon in the shade
When you crawl , she gives you a call
Yeah , but hey man , don?t blow these minds I?ve
made
To be a wall for a baby doll
Having fun is an obligation
A bad habit , a twisted sensation
But don?t worry darling
?cause I really hate to smile when I?m feeling bad
you know that I?m the little fucker that taints you all
I?m the bad perpetrator , the looser on the wall
Here I go , I break , I never really hesitate
And everything?s great
