"You Can't Touch Me Now"

You can't touch me now
Like you did before
You can't make me cry
Baby, anymore

Now Im feelin strong
No more cold dark cloud
Oh, you can try but
Boy, you can't touch me now

Used to be the world to me
Used to be the reason that I lived
And I care, oh, baby
Every day I trust in you
And believe that you are on my side
Guess I was blind, oh, baby

It was hard to do but I knew
It was time to let go and I think you know
I think you know

You can't touch me now
Like you did before
You can't make me cry
Baby, anymore

Now Im feelin strong
No more cold dark cloud
Oh, you can try but
Boy, you can't touch me now

You knew how to get to me
How to really cope with love
You wrote the book, oh, baby
Now you say youve thought about

Everything that made us fall apart
And were so far, oh, baby
Well, youve had some time and you admit
You were wrong, too late Im gone

You can't touch me now

Like you did before
You can't make me cry
Baby, anymore

Now Im feelin strong
No more cold dark cloud
Oh, you can try but
Boy, you can't touch me now

Oh, youve got some nerve to think that I'd
Run back to you again and again
When all you did was tear me down
And you're not even my friend
you're not even my friend

You can't touch me now
Like you did before
You can't make me cry
Baby, anymore

Now Im feelin strong
No more cold dark cloud (No more cold dark clouds)
Oh, you can try but
Boy, you can't touch me

You can't touch me now
Like you did before
You can't make me cry
Baby, anymore

Now Im feelin strong
No more cold dark cloud
Oh, you can try but
Boy, you can't touch me now

You can't touch me, hold me, give me love
You can't make me cry
You can't touch me, hold me, give me love
Oh, you can try but
Boy, you can't touch me now
