(PT Lauren , K-Dee)

Daddyish brother is the silly me
Take five, another and feel like vitamin c
Can't take me all for yourself
So don't waste your time on me
I'm so restrained
If love is blind then tell me
What the fuck is wrong with me
I'm way out of line my darling
Watch all these flowers grow
And you will know
That the little boy he had a little dream of silky blue
Highlighting you so don't annoy
The little concrete boy
Twenty sorrys , apologies

Give plenty of worries for the one millionth
godwannabe
Dressed up in his silks and his feathers
Not too wise to stay inside
Too wise to stay alive
Concrete boy, he's good he is what you might have
called your dad
He's digging in just for himself
He doesn't know just where he is at
He's the lucky one the one who's left behind
And he breaks all the things he finds
He's really one million storys or more
He's what you hate what you adore
