Rise...pagan ones  
Rise...satans sons  
Rise...shields and swords  
Rise...sounds of war  
Destroy realms of light  
Burning heavens throne  
Reigning ancient ways  
New world here to stay  
Satan lives, satan lives,  
Satan lives, satan lives.  
Rise...red eyed beast  
Rise...fullmoon god  
Rise...black abyss  
Open seven gates  
Stand high knowledged ones  
Fire summons thee  
We are thy new breed  
Satan lives, satan lives,  
Satan lives, satan lives.  
Legions marching  
War drums beating  
Weapons striking  
Christians falling  
New world reigning  
Pagan victory  
In the name of satan, lucifer and baal  
Hail the ancients and their mighty realm  
I raise the torches flaming high above  
Lord of nature I worship thee.
