(die bitch, fuckin die!)  
ALL NIGHT  
Find me robbin your jewels  
Settin fires  
Damaging, and breakin into schools  
IN THE DARKNESS  
Its much easier to be heartless  
Break the window out the Lincoln  
And screwdriver start this  
Muggin people  
Droppin on 'em from street lights  
Stab 'em with garden tools,  
Or beat 'em with pipes  
So dont come out  
Stay inside cozy and tucked  
And if im breakin in  
Ay old lady's gettin..  
Fook'd!  
ALL DAY  
Car jacks get outta the van  
As soon as they step out  
I pop 'em anyway "BLAMMM!"  
I rob liquor stores with a lil 22 hold  
I know its nothing but its something  
When its butin at your nose  
SUNNY DAYS  
I hit up the beach with cleats on  
And stomp the bitches in they ass  
Tryina tan in they thongs  
ALL DAY  
See me fuckin hookers at truck stops  
And then i kill 'em  
Cause thats where my buck stops  
ALL NIGHT  
Im wicked and i got the power  
Bloodsheds on the wall during the witching hour  
IN THE DARKNESS  
See me ride by an impala  
Draggin some fuck ass by his foot and hear him holla  
IN THE NIGHT TIME  
I take whats rightfully mine  
I run through emergency rooms and sever life lines

Fuck the limelight i'm the one i need to impress  
With a double dip swinging ax chop to your chest  
ALL DAY  
Im sellin coke laced joints to little kids  
I'm a clown in a milk truck handlin biz  
IN THE SUNSHINE  
I been known to take shots at the po  
Im in the bushes with the camouflage on and rifle  
scope  
ALL DAY  
I wicked  
I keep it horrifying  
Ax murdered some kid and his dad kite flying  
I knock the fuckin mail man out on the grass  
And burned holes in his face  
With the magnifying glass  
ALL NIGHT  
I fly like a vampire bat  
And murder people telling stories where the campe  
fires at  
BLAME IT ON THE MOONLIGHT OR BLAME IT ON THE  
BOOGIE  
I shot the mother fuckin sheriff and his deputy rookie  
WHEN ITS DARK OUT  
I hit the streets in the shadows and grab yos, and  
BOOGIE THE WOOGIE  
And stab ho's  
Dont even give me a pound when you see this clown  
You gettin cut the fuck up  
And chopped the fuck down  
ALL DAY  
Catch me picnicking with the bitches in the park  
Right before i icepick 'em in the heart 24/7  
If it aint us its somebody gettin bloody  
Wicked clowns aint the only ones nutty buddy  
CATCH ME, TOUNGE KISSIN  
A severed head  
Catch me burying another bitch dead  
Behind a shed  
It doesn't matter  
Night or day  
All around the clock  
VILOENT J AND SHAGGY  
CHOP, CHOP, CHOP, CHOP!  
YA GONNA DIE
