I need a bitch, a special bitch
I need a bitch who pussy poppin' booty switch
I need a bitch, felatio
On the freeway with my pedal to the flo'
I need a bitch, like cheery pie
I need a bitch like bushwick bill need an eye

I need a bitch, an alcoholic
I need a bitch pukin', bent over my toilet
The bitchy bitch, bitchin' about nothin'
I need a bitch to jizm in her bellybutton
I need a bitch, a prostitute
She'd fuck my homies and we could split the loot

(I need my cheery pie)
Baby I want you, baby I want my cherry pie
Baby I want you, baby I need my cherry pie
Baby I want you, baby gimme my cherry pie
Baby I want you, baby my cherry cherry pie

I need a bitch, fresh out the pen
I need a bitch like Harland Williams needs a chin
I need a bitch, a mental case
She catch me cheatin' and shoots us both in the face
I need a hoe, to use me for my money
I need a bitch like Chris Candido needed sunny

I need a freak like cherry pie
Like whipped cream and lemon che-che-cherry pie
I need a woman , to let me hit it
In the bushes raw at the Herpe clinic
I need a bitch, who like to fight
And get her nose ring ripped out like every night

(I need my cheery pie)
Baby I want you, baby I want my cherry pie
Baby I want you, baby I need my cherry pie
Baby I want you, baby gimme my cherry pie
Baby I want you, baby my cherry cherry pie

I need a bitch in a cheap hotel
So I don't know which one to blame for the smell

I need a bitch, that doesn't care
She likes to finger fuck her booty in the mirror
My cherry pie, my cherry pie
My cherry pie with lemon jello cherry pie

I need a bitch hurricanranna
A bitch who suck on dick like Eminem mama
I need a bitch, I need a slut
I need a bitch who like bananas in her butt
I need a bitch now more than ever
I need a bitch who gots a head that I can sever

(I need my cheery pie)
Baby I want you, baby I want my cherry pie
Baby I want you, baby I need my cherry pie
Baby I want you, baby gimme my cherry pie
Baby I want you, baby my cherry cherry pie

Baby I want you, baby I want my cherry pie
Baby I want you, baby I need my cherry pie
Baby I want you, baby gimme my cherry pie
Baby I want you, baby my cherry cherry pie

Baby I want you, baby I want my cherry pie
Baby I want you, baby I need my cherry pie
Baby I want you, baby gimme my cherry pie
Baby I want you, baby my cherry cherry pie
