Down

A catastrophic demise  
A catastrophic demise  
A catastrophic demise  
A catastrophic demise  
A catastrophic demise  
A catastrophic demise  
A catastrophic demise

I'll measure up all regrets  
I'll measure up all regrets  
I'll measure up all regrets  
I'll measure up all regrets

It builds up, feels up  
Too much goes over board  
What the f\*uck am I doing?  
Oh lord pressure stored exploded, unloaded  
What the f\*uck am I doing?  
I had to, is really do, bad too  
Went cucu  
Gonna do  
Clap back, stab, boom  
Who knew  
Sad news  
What the f\*uck am I doing?

I I I  
Broke, it took some time  
Slow poke  
I finally gave way, when under deed  
Down flow  
No longer steering choosen  
An autopilot cruisin  
Haywire, crash, virus  
Pull your tongue out with player dispatch

No longer steering, lost all control  
Manipulation (manipualtion), it won't let me go  
The pain exploded (the pain exploded), the pressure  
burst (the pressure burst)  
I drop the wheel (I drop the wheel)

I'm heading for the worst  
(A passion for the regrets)  
(The crippler)  
Heading for the worst  
(A passion for the regrets)  
(The crippler)  
Heading for the worst  
Heading for the worst  
The crippler
