[Some voodoo-sounding talk]

We got the blood that oozes slow  
The sickos and creeps, this carnival  
We got the screams that shiver your spine  
The hatchet that hacks the meat out the swine  
We got the spiders, they're spawning and spawning  
From the head to the shoulders they crawl on the dead  
We got the axe still stuck in the head  
We got two dead bodies fucking them ??  
We got that wicked what you needed more

We got that paint for the smile we wear  
We caught a witch and cut off her hair  
We got them gloves that choke the neck  
We got them six, the Joker's Deck  
We got them drums, demonic guitar  
We got yo last breath in a jar  
We got the killers who stalk you down  
Tape out the scene and chalk around  
We got that terror you been looking for

Bang! Pow! Boom!

Ladies and gentlemen, without further ado  
The throat chokers, cut-throat jokers  
Juggalotus and you know this  
Most hated band on the planet  
So fresh they can't stand it  
Dark Carnival minions  
The Duke of the Wicked  
And the Southwest-side Stranglord himself  
Big Violent J, and Sugar Shaggy2Dope  
Wicked-wicky-wocked-wicky-wicked Clowns, bitch!
