In the name of the witch
I cut the head off a mule I guetted it out
Put it on and then I wore it to school
That ain't the only thing I wore
I wore a clip and some rounds
A fuckin killa with this mule head
And I'm clippin' em down
Because I'm all outta choices
And my voice is unheard
You and your boys get the worst
I aim your forehead it burst
I'm evil
Fires in my sky
I see no diamonds it's true
Aim for you guts and blow your breakfast out behind
you
I'm one with the darkness

[Chorus]

Walk into the darkness
A place for those who chose to give a fuck less
Wicked dark and heartless
We keep it hurry and bloody for everybody here
I'm going to hell
And I'm knowing it well
And I got no problem showing it and going to jail

I see the witch is preaching every night on channel 13
He wants some money with the number on the screen
I hit the scene
I'm shootin' up somebody's funeral
Someone I don't know
My thoughts are fried with homicide
I fire out of control

The preacher tried to reach his caddy in his mink white
robe
But now hes like a sheep slaughtered on the side of the
road as for that crooked chair
I set that place up on fire as they came out
Bateed their heads like I was Mark Mcwire
I'm in the darkness

[Chorus]

Walk till you fall into the darkness of hell
You raped gettin' in hell
By the wicks tale and all you bitches with them pussies
Believe you gettin' fucked by a 27 foot dragon while
chewing your face up
It ain't pretty in hell
And the only light be the fire that you squirm
In while you burning all night and then the wraith take
you
His grip is hard as a nail
He'll turn your world upside down and make it rain hell

Walk into the darkness
He'll turn your world upside down and make it rain hell
Wicked dark and heartless
He'll turn your world upside down and make it rain hell
Walk into the darkness
He'll turn your world upside down and make it rain hell
Wicked dark and heartless
He'll turn your world upside down and make it rain hell
I'm going to hell
And I'm knowing it well
And I got no problem showing it and going to jail
