Oh goody  
Oh goody

She surprises me (surprises me)  
Sometimes she hums on my balls  
And I can see the world (the world)  
Right through (right through)  
Her bedroom walls (her bedroom walls)  
She has a jaw like a pelican's beak is deep  
Hummin' me right to sleep (right to sleep)  
My favorite freak

I can rearrange the patterns of the stars in the sky (in  
the sky)  
I can fly with the seagulls on the beach with the tide  
She can blow me there (blow me there)  
I swear (I swear)  
Right through the air (right through the air)  
And if I aint really there, my balls do not care (MY  
BALLS)

C'mon and put it on me, bitch!  
Hit me with the hum drum boogie  
That thing, oh goody!  
C'mon and put it on me, bitch!  
Right now, right now  
Boogie, that thing, my balls  
C'mon and put it on me, bitch!  
Hit me with the hum drum boogie  
That thing, oh goody!  
C'mon and put it on me, bitch!

I see my, I see my, I see my life flash before me  
I hear all my favorite songs at one time  
When she blow me before I actually go blind  
I'm runnin back and forth between the doors of in and  
out of my mind  
When she blow me  
My favorite freak is so fine!  
To have her hummin' performance (performance)  
The show is enormous

Only two fans in attendance (attendance)  
These two in my pants (MY BALLS)  
She's my favorite (favorite)  
She's got my standin' applause (standin' applause)  
Hummin' me into harmony (harmony)  
Right through my balls (MY BALLS)

C'mon and put it on me, bitch!  
Hit me with the hum drum boogie  
That thing, oh goody!  
C'mon and put it on me, bitch!  
Right now, right now  
Boogie, that thing, my balls  
C'mon and put it on me, bitch!  
Hit me with the hum drum boogie  
That thing, oh goody!  
C'mon and put it on me, bitch!  
Right now, right now  
Boogie, that thing, oh goody!

Undo my belt, pull down my draws  
Kiss my dick and hum my balls  
Undo my belt, pull down my draws  
Kiss my dick and hum my balls

She can blow me there (blow me there)  
I swear (I swear)  
Right through the air (right through the air)  
And if I aint really there, my balls do not care (MY  
BALLS)

C'mon and put it on me, bitch!  
Hit me with the hum drum boogie  
That thing, oh goody!  
C'mon and put it on me, bitch!  
Right now, right now
