I, I'd like to uh, if it's cool with Jake and Jack  
I'd like to address the juggalos  
On a, uh, personal matter because, it's not all good  
I mean, things aren't always done cool, you know I  
mean  
I just wanna talk to you guys about a problem I got  
Maybe you can help me

I stab people, 4 or 5 people every day  
I tried to see a shrink to stop that shit  
But there ain't no fuckin' way  
I stabbed 'em, this nurse and his fuckin' cat  
Stabbed 'em, stabbed 'em all like that

I stab people I know, I stabbed Alex my manager  
He was like "What tha fuck", I stabbed 'em in the gut  
I order food just to stab the guy when he gets there  
I don't care, I stab anybody, anywhere

I stabbed the mailman he was pissed, he tried to mase  
me  
I'm too quick with the stab, come on come on chase me  
I stabbed Twiztid, Jamie Madrox, I stabbed 'em  
Myzery stabbed me, ahh God damn 'em

I stab old people, old ladies, little kids, I don't give a  
fuck  
I stabbed the fat guy in the butt, he he what  
I stabbed pete rose, I stabbed 'em twice in his nipple  
I'm Violent J and I stab people

Maybe somebody can help me  
Maybe somebody can help me  
Maybe somebody can help me  
Maybe somebody can help me
