Welcome... to the Madhouse...
Here ghost wail and moan
Skeletons rattle trying to escape there prisoning coffins
(Wicked Shit)
Grimlins and skulls gasp a death (ICP Tech N9ne)
You have enterd the Mad House

Sombody open the fuckin door and let me in!
The worlds are about to get me again
Shit aint pretend im safer in the madhouse
Clinging to the selene like a spider
Im out of your mind like frozen fire
Razorblade fingers scratchin my neck
Lost in the maze i found a dragon barbeque in the back
A arm came out of the toilet and squaws my balls
That shirt hurt got me head but holes in the walls
I wanna see you!
I hear you!
I catch spirits and ghosts by there invisible throats and
then tear through (tear through)
Never scary boo bitch im a kamikaze
Swimmin through the living room watching joni and
chachi
And then i realize im potsy trapped in the tv
Sombody changed the channel and got the better of
me

Your aint never gettin in and we aint never gettin out
Cause I hold the key to unlock this madhouse!
It dont matter where you run to scream or shout
Cause I hold the key to unlock this madhouse!
Your aint never gettin in and we aint never gettin out
Cause I hold the key to unlock this madhouse!
It dont matter where you run to scream or shout
Cause I hold the key to unlock this madhouse!

So many dimensions and lines except for these levels
of dips and devil
Aint been alright sense the ghetto better wait for my
