[Violent J:]

On the perfect night the graveyard is lit by a full moon  
Autumn leaves and stone often treated with an old  
boom

Here and there the night air carries bass drops  
The soundtrack is something fast running through the  
crops

[Shaggy 2 Dope:]

On the perfect night fallin' stars don't even get noticed  
People throwin' holy water on they doors is scared of  
ghosts

On the perfect night the wind is blowin' hard enough to  
sway the trees  
And it's about a hundred degrees

[Violent J:]

On the perfect night the whole town shuts of its lights  
And listens to the city; screams, sirens, howls, and  
fights

On the perfect night everything blends in with the  
shadows  
Moon in the sky; rats, owls, bats, ravens, and crows  
On the perfect night

[Chorus:]

lii...(Be sure to lock up and board all your windows  
And doors and don't leave your home. Don't. Don't)  
Love a perfect Night (Don't leave your home. Don't)  
Perfect night (Don't Leave your home)

[Shaggy 2 Dope:]

On the perfect night bitches get they panties pulled off  
and love it  
The fuckin' moon is so low you can almost touch it  
Bats rule the dark skies snatchin' mosquitoes  
Possums diggin' through your garbage cans for  
leftover Fritos

[Violent J:]

On the perfect night there's twenty-seven clowns in a  
minivan

And every one of us understands how we could kill a man

On the perfect night it's windy enough to surf clouds  
Like the hawks and vultures on they pilgrimage south

[Shaggy 2 Dope:]

Street lights that haven't worked for years suddenly glow

Missin' children from a hundred years ago now they show

On the perfect night no reception, something's in the air

Maybe you can see it or ya can't but it's clearly there

On the perfect night

[Chorus]

[Violent]:]

Fortune tellers and psychics have nosebleeds all night  
'cause they're flooded with the energies attacken' 'em bright

A headless man on a ten speed in the middle of the road

He's swervin' a little but still peddlin' home

[Shaggy 2 Dope:]

On the perfect night dead people get to sleep in  
'cause when they wake up on a night like this its where to begin

The ringmaster's wagons can travel far and undisturbed

'Cept they show up in the dark for the town they about to serve

[Violent]:]

The dark is perfectly upon us like a million piranhas  
Swallow you whole like little dicks in big vaginas

On the perfect night you can bet that nobody's sleepin'

The darkness outside is thick and heavy got your walls creakin'

[Chorus x3]
