When I get to California
When I get there
When I get to California
Hook me up with one of them chicks
And when you get to the Midwest
I'll hook you up with a juggalette ya'll

He's the visual assassin with the mask that ? killa
Seen him drink a lot but I have yet to see him spill a
drop
He rap to hip hop in his heart, try and battle Pak
He'll fucking tear you're ass apart
I keep my fridge stocked with plenty of Faygo
My flow connect nice like old school legos
