One More... One Less
The wheel of time we can't turn back
One day we meet, one day we forget
Don't mind the absence of faceless hearts
There ain't no power to tear friends apart

Friends stand hand (in) hand
The answer, my friend!

Afraid to be deceived again
(We) got to believe in the faith of friends
It's hard to find a friend to trust
But easier than leaving a friend we lost

Friends stand hand (in) hand
The answer, my friend!

One more, one less - No need to cry
(At) the end of the road - A new path's in sight
One more, one less - No need to cry
If hope's gonna live - In terms like "good-bye"

Voice: We have to rely on the meaning of friends
Don't believe in those who pretend
Ev'ry single friend is a priceless gift
And better than dozens of liars - no matter if...

... One more... one less!
