Not in magnificent temples  
Shining of gods  
Beat up the ghost  
Carrier of wealth  
Not in lightnes arch  
The beautiful altars  
Not in smoke of soul  
Candle of fire.

No that who ones there  
In poor cribs  
For his son make the cosiness  
That and for ghost want the intermost  
Hartly cribs narrowness in asylam.

Where ghost consoler arise the temple  
For his son shall rescue peoples  
Where he want live so as calm  
So as truth peace cladness to bring.
