

Insanity Reigns Supreme "Burn The Flame Of Sadness"

Visit "[Burn The Flame Of Sadness](#)" on MotoLyrics.com

Smothered in ashes I lay
Among the flames I cherish
In their warmth I relish

Sadness burns the flame within
That keeps me from falling
Trying to contain the pain inside
I drink the tainted water

Grief consumes the last of hope
Silencing my anguish
Scorched emotions lay aside
Remembrance long forgotten

"Siehst du I'm Osten das Morgenrot
Es ist der Morgen des Schmerzes
In die Welt is ein Fever"

Flames of sadness burn
Set my soul afire
In flames I perish
