You might say I'm crazy  
You might say I'm blind  
Through these eyes it's hazy  
But I can read your mind  
[CHORUS]  
Run away another day tonight I'm gonna take you home  
Hollow in the hemisphere the stars are falling down like  
stones  
I am standing all alone  
Shouting through my megaphone  
Callin' for a mayday  
Callin' for a mayday  
Hey! Hey! Hey!  
You might say I'm lazy  
But I wrote this song  
You might think I'm crazy  
But my game is strong  
[CHORUS]  
Mayday, Mayday, Mayday, I'm gonna take you home  
Ready, ready, ready, rockin' the boat with bone  
Steady, steady, steady, we gonna flow upstream  
Lady, lady, lady, I'm gonna make you cream
